### ABOUT ME

I am a student currently studying Web Application Development. Throughout my course, I have learned how to configure and operate computer systems, adapting their configurations as needed. I have also gained experience in applying security techniques and procedures related to systems, services, and applications. Additionally, I can manage application servers, adjust their configurations, and manage databases by interpreting their logical design and verifying integrity and consistency. I am also capable of developing applications with database access using various programming languages. Moreover, I have developed strong teamwork skills through collaboration on various projects

### LANGUAGE SKILLS

Mother tongue(s): **SPANISH**

Other language(s):

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction
